Project: 080419StickyScheduler
Team: 080419Android

Issues/ Agreement:
1. The uploaded document in their GitHub site is not PDF.
   -Upload the document's revision as PDF.
2. The project description is vague.
   -Will work it out.
3. The project title is not unique.
   - The project's name is subject to change.
4. Alarm should be included in the activity/ functionality.
5. Using the local-based system, the application will consume a lot of battery power.
   - Work around with the solution.

Outcome:
Correct minor mistakes. Accept upon the approval of the review leader.
